Dr. L. F. Kebler Says Irresponsible Papers and Periodicals Are to Blame for Conditions.

LECTURE ON PURE WATER

Irresponsible newspapers and periodicals that accept without question advertising from patent medicine and "dope" concerns are largely responsible for the hundreds of thousands of victims and dupes which such medicines cialm annually, according to Dr. L. F. Kebler, Chief of the 3Division of Drugs of the Bureau of Chemistry, Department of Agriculture.

pusary, according to a control of Drugs of the Bureau of Chemistry. Department of Agriculture.

Dr. Keller last night delivered the second of a series of lectures on fake medicines before the health axhibit in conspection with the fifteenth international congress on hygiene and demography.

These concerns, prohibited by the Three concerns in prevalent of the faire and misleading statements of their goods, print their faire statements in newspapers, which the Federal law cannot touch so long as they are within the postal laws, and Dr. Kebler. "We cannot touch them there. Fake consumption cures, cruel in the faire hopes they raise in the hearts of their goods they raise in the hearts of their dopes, are found throughout the press of the country."

Dr. Kebler, in referring to testimonials printed in newspapers, showed one on a so-called tuberculosis cure known as Eckman's Alterative, manufactured in Philadelphia. This testimonial was written by a minister. Dr. Kebler said a large proportion of testimonials are written by a minister. Dr. Kebler said a large proportion of testimonials are written by ministers who do so because of their desire to please and their healtancy in Dr. Melback, a dental specialist, of this city, spoke on oral hygiene. He declared that many diseases are developed in adults and children through the instanction of the teeth. Bad or irregular teeth result in ineffectual assimilation of food, and this to atomach and other disorders, to anemia, and a generally weak system, which is susceptible to attacks of various diseases.

Boatts "Mamman's Boy."

Roasts "Mamma's Boy." Tom A. Williams, a prominen

Washington specialist on children and their diseases, declared that the hest way to bring up strong men and women after they are once born is by proper education and training and home en-vironment. The "goody-goody" boy, or "mamma's pet." seldom grows to strong manhood, physically or mentally, because of temerity, indecision, and lack of will. These characteristics render him prey to disease.

Dr. W. F. Wells, engineer in charge of
the Washington filtration system, which
regarded as one of the best in the
orid, told how to build up and maintain
city's health by pure drinking water,
and the destruction of food products on which germs thrive was the first
cential, and that all water can be renred safe for using.

sential, and that all water one red and for using.
A talk on pellagra was given by Past sistant Surgeon C. H. Lavinder, of the ublic Health and Marine Hospital Serve. Pr. Lavinder stated that the American medical profession is making rapid trides in the study and treatment of this incase which has made much remarking introduced on the population within cent years.

disease which has made much remark-able inroads on the population within recent years.

He said that, through his own observa-tion and experience, he doubted the great-tic advanced theory that pellagra is prac-tically solely due to the bite of a poison-ous fly. He stated that that theory has not been proven, but it has been proven that the disease is caused by the eating of spoiled or mildewed corn or its prod-sicts. In this respect pellagra is aliled with the bert-berl of the East, which is mainly attributed to the eating of spoiled rice and other grains and vegetables.

Separate Business Department Votes for Colored High Schools.

MUCH OPPOSITION IS SHOWN

Recommendations of the Assistant Superintendent of Schools. R. C. Bruce, were adopted by the Board of Education at an adjourned meeting last night. By a vote of 8 to 3 the hoard ordered the establishment of a department of business practice in the colored high schools as a separate department of the M Street High School, to be put in charge of a head teacher and located in the Phelips School building. The transfer and promotion of several colored teachers were ordered.

motion of several colored teachers were ordered.

Determined opposition was shown by the two colored members of the board to the proposed change in the administration of the division of business practice. They claimed that the initial development of this division took place under the direction of Dr. Murray when ordered as an adjunct of the Armstrong Manual Training School.

Drs. J. N. Ross and A. C. Garner, pasters of two colored congregations: Joseph W. Stewart and L. M. King, colored attorneys; F. L. Douglas, a teacher under Dr. Murray, and W. J. Singleton, clerk in the War Department, all spoke against the proposed change.

Indorsed by Davidson.

The changes as recommended by Mr Bruce and as indorsed by Dr. William M

following changes in personnel

OPPOSE MOVING COURTHOUSE. herrydale Citizens Pass Resolutions

Benouncing Plan.

Strong opposition to the proposed plan of moving the Alexandria County courthouse from its present site to Rosslyn. Va., was voiced last night by the Cherrydale Citizens' Association at a spirited meeting. Resolutions were passed demouncing the proposition.

A special election will be held Toesday for the purpose of deciding whether the county should be bonded for Economic the purpose of erecting respenses incidental to proposed temprovements. The cett of moving courthouse and defraying the courthouse is estimated at a change of locality are incoessibility and insanitary conditions.

The present site of the courthouse was decided by the Fort Myer Realty Company. If the courthouse is removed, the Cherrydale citizens contend, the land will revert to the company. It has been proposed to use the old courthouse as a nigh school.
